

GP EDUCATION WORKSHOP

**40 CPD
Points**

Specialist Services Medical Group in conjunction with Australian Chinese Medical Association
Invite you to attend a full day of GP Education

**Free
Event**

DATE Saturday, 6th August 2016

TOPICS Clinical Updates in Psoriasis, Melanoma, Anaemia, Multiple Sclerosis, Peripheral Nerve Entrapment Disorders, Cardiac Arrhythmias, Renal Disease and Hypertension

This will be a highly interactive workshop covering multiple disciplines. Participants will work through interactive quizzes and case discussions to update their clinical knowledge and skills to assess and manage the following conditions:

- ✓ Psoriasis - triggers, topical treatments, co-morbidities and side effects of systemic treatments
- ✓ Melanoma - clinical differentiation of different types, dermatoscopic features, treatment and referral pathways
- ✓ Anaemia - investigation of different types, manage in the appropriate setting, including prompt referral for serious underlying conditions
- ✓ Multiple Sclerosis – diagnostic criteria and investigations, treatments and their side effects
- ✓ Peripheral Nerve Entrapment Disorders – use of nerve conduction studies
- ✓ Cardiac Arrhythmias – systematic approach to ECGs, diagnosing causes and referral for pacing, resynchronisation and pacemaker insertion
- ✓ Approach to the Patient with Renal Disease – what's new
- ✓ Approach to Investigating and Managing Hypertension
